# X-Factor

The Ultimate Fish and Dive Kayak

## Malibu Kayaks X-Factor

If you fish or dive Hard Core the "All New" X-Factor can't be beat! Mounting options are endless. It features our huge front hatch, easy access center hatch, and a rear hatch set at a 45 degree angle, provides easy access for rod storage while on the water. The Tank Well features indents for a 5 gallon bucket, plus shelves for either a FULL or HALF milk crate. Additionally, the rear hatch is accessible even if you have a bucket or crate in position. The large front hatch can be upgraded with our "All New" Gator Hatch so that a child can sit safely up front with their own rod holder/dive well for their gear. If you're still short a seat, there is one more child's seat option in the rear dive well area. **All this and more makes the X-Factor "The Ultimate Fish & Dive Kayak!"**
